08-26-2009

The Meeting of August 26, 2009 was called to order at 8:20p.m. At the Starlight Bar

We discussed when leagues were going to start up. The decision was made that September 8,9,10 were going to be the days to sign up. September 8th is a Tuesday and September 9th is Wednesday and September 10th is a Thursday. If you would like you can sign up your teams on Tuesday September 8th.

The Leagues are: Tuesday is women's doubles, Wednesday is Open doubles but the Men are allowed to sign up together like the last Wednesday League, and Finally Thursday is the 4 man mix 13 game format.

We also discussed when the Cricket Qualifier was going to start and that date is September 12, 2009. There will be a total of 7 Qualifiers and we will alternate the Saturday and Sunday's. There will be a bye and the date for that is September 19th for the reason that there is a tournament that weekend.

It was also discussed throwing a Tournament for Toys for Tots in December but there was not an amount discussed. We came to a decision that we would bring that up in the October meeting this way we could get some more input from other members in the association. It was also talked about having a raffle during the tournament. We also talked about the fact of having fundraisers to help build up the money in the association. But in order to that we will need all members to be involved in this.

Also we took a vote with what members we had there that Aaron Schein would be the fundraiser coordinator what he will do is if you would like to donate money or you know of anyone that is willing to donate to the association you will get with him in return he would get with Cindy Craven which is our Treasurer and she will in return write out receipts and keep record of what was donate and whom it was donated from. This way whoever donates will be announced at the tournament and will have some sort of signage to show who donated.

Then basically we talked about how our members needed to participate more in meetings and so on. It was brought up that we have over 50 members and that only 14 members showed up for this meeting at the Starlight. I do want to say that we appreciated the fact that those members did show up for the meeting put their input in.

From that being said the meeting came to a close at 9:12 p.m. August 26, 2009
